Before you fill out this order form to receive your personal crystal, please take some time away from the hustle and bustle of your life, to truly get in touch with what you want to manifest and attract into your life. Become quiet enough to hear what your heart already knows. . . *This is a powerful process, so you'll want to make sure that what you desire is truly what you want in your life.*

Then take a look at the qualities that are listed on the Order Form on the reverse side of this sheet, and decide which specific crystal will enhance your life.

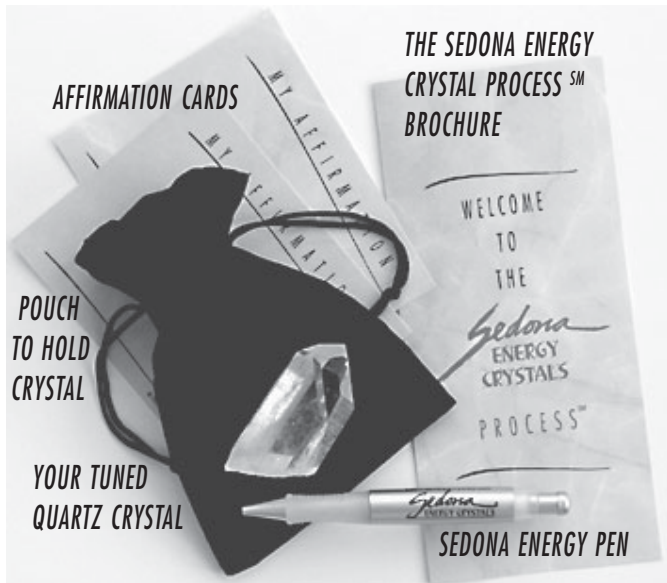

For now, we suggest purchasing only one crystal. The reason for this is, as you work with one aspect of your life that you intend to transform, frequently other aspects of your life shift as well, so we encourage you to wait and see how the process works for you and if you still desire to attract other qualities into your life, you can order another crystal at a later time.

That is not to say that you can't order more than one crystal. Certainly, if you have other people you care about that you would like to give a **Sedona Energy CrystalSM** to as a gift, please feel free to do so. Each crystal comes with the *Sedona Energy Crystal ProcessSM* which contains step-by-step instructions as to how to work with the crystal to manifest what you want into your life, so even if you give the crystal as a gift, the process will be clear and easy to follow. You will see a special Gift Certificate section on the Order Form if you wish purchase the crystals as a gift.

So, take this time for you . . . to focus your entire self towards what you want to attract into your own life and then pick the crystal that will resonate for you.

We trust this process will result in a truly rewarding and transformative experience for you.

*To Order your crystal,
please fill out information
on Page Two*

Here's what you'll receive in your order. . .

Your Sedona Energy CrystalSM will be tuned for what you wish to attract into your life (based on the info you supply to us on this Order Form). Your crystal will be enclosed in a soft pouch to keep it safe and secure for your daily use.

You will also receive the "Sedona Energy Crystal ProcessSM" which will instruct you in the use of your crystal for maximum results, plus personal affirmation cards and our pen.
